

UNTITLED FROM SOFTWARE MINI-MAGAZINE

Seriously, give me some time. I'll come up with a good title eventually.

By: Andres La Russa

CONCEPT

A magazine which offers news and information on gaming from a more technical and artistic point of view. It will contain articles about current events in which games or game related entities affect society. Will also go in-depth to explain certain aspects of game development. For further specificity, the issue will focus on the game development company FromSoftware and their games.

CREATIVE BRIEF

- Audience: General gaming population (which is pretty broad by now).
- Mission: Present games as an art form and inform readers of the state of the gaming community. Show through intellectual articles that games matter as more than just entertainment.
- Focus: FromSoftware and their games as examples of excellent game design and artistry.
